**Andy Sponsellar, Board Member, Northern Rocky Heritage Center,** commented that they have a unique opportunity to preserve one of Montanas most valuable architectural treasures. This valuable partnership would achieve two different goals, one being historic preservation, the other providing service to the community. He stood in support of HB 509.

**OPPONENTS:** None.

**INFORMATIONAL WITNESS:** None.

**QUESTIONS FROM THE COMMITTEE MEMBERS AND RESPONSES:**

**Rep. Peterson** asked what relationship this organization has with other state historical groups or the university.

**James Azzara** answered all the buildings are on the historic register and they operate under state regulations, and they have a close alliance with the State Historic Preservation Association.

**Rep. Peterson** asked if there is any funding available from those organizations Mr. Azzara just mentioned.

**James Azzar** stated they are pursuing those avenues but they feel they have to reach out in multiple directions.

**Rep. Tropila** asked what matching formula they expect from federal grants.

**Rep. Buzzas** answered that she thinks that there are a variety of opportunities available but they do require some local match, so they would use it as leverage for additional funds.

**James Azzar** answered when base re-alignment and closure process deeded these properties to them, it was anticipated that the assets would make use of local and state funding sources to bring it into full community use.

**Rep. McCann** commented there is a program for this project, including the Long Range Building Program, and it would nice to see this facility go into that Program. He encouraged them to apply for the Cultural Aesthetics Grant as he felt this would be a good candidate.

**HEARING ON HB 501**

**SPONSOR:** Rep. Dave Gallik, HD 52, Helena

**OPENING STATEMENT BY SPONSOR:**

**Rep. Dave Gallik, HD 52, Helena** introduced HB 501 which is an act requiring the Department of Agriculture to conduct a study on the feasibility of establishing an Agri-Business Center in Montana, which would also provide an Agri-Business Center Study Council.

**PROPONENTS:** None.

**OPPONENTS:** None.

**INFORMATIONAL WITNESS:**

**Sharon Quisenberry, Dean and Director of the College of Agriculture at Montana State University,** commented that urban development does not overflow into rural economic development. She stated that this is exactly what the state needs and that Montana needs to diversify and do a lot more than it is already doing.

**QUESTIONS FROM THE COMMITTEE MEMBERS AND RESPONSES:**

**Rep. Fisher** asked why the University hasn't broadened out the use of Agricultural Stations in a budgetary manner instead of coming in with a separate bill.

**Sharron Quisenberry** answered she did not budget this program and she had just become aware of HB 501 recently.

**Rep. Fisher** asked why, if there is such a desire to help the agricultural business, haven't they budgeted the \$6.5 million they asked for outside of the University System.

**Sharron Quisenberry,** answered, when she went through the MSU system, through normal channels, the renovation and building was at the bottom of the list and safety issues were in mid-pact. When she went to the Board Of Regents it had been completely knocked out of the package, and that is what has happened to the Experiment Stations outside of Bozeman for the last 30 years.

**Rep. Clark** asked if she had any contact with the people proposing to build the agricultural complex in Conrad at the Governors Conference.

**Sharron Quisenberry** answered yes, she had a brief conversation with them.

**Rep. Peterson** asked if it would be possible for this bill to follow the agricultural station projects.

***{Tape : 1; Side : A; Approx. Time Counter : 27}***

**Sharron Quisenberry** answered most defiantly that is correct.

**Rep. Lindeen** asked what Rep. Gallik thinks of allowing this study to be done through the Agricultural Interim Committee and could they come up with the same results.

**Rep. Gallik** answered it made no difference to him as long as they get to the point of determining if agriculture in Montana will be able to keep up with the neighbors or if we are going to keep falling further behind.

**Rep. Witt** asked **Dean Quisenberry** if she would provide information about and go through the agricultural complex they are proposing in Conrad for him sometime.

**Rep. McCann** asked if Dean Quisenberry was around during the special session and if there is an existing program to pursue this type of feasible opportunity.

**Sharron Quisenberry** answered, no, there is not.

**Rep. McCann, Rep. Witt** questioned Dean Quisenberry about the funding for HB 501 and **Rep. Lewis** asked Rep. Gallik about the Vision 2000 Task Force.

**CLOSING BY SPONSOR:**

**Rep. Gallik** closed the hearing on HB 501.
